GENÈVE

*“Directions to Contributors” will be found at the end of this issue.
Les «Directives pour les auteurs» figurent à la fin de ce numéro.*

Authors alone are responsible for views expressed in signed articles.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

Les articles signés n'engagent que leurs auteurs.

Sauf erreur ou omission, une majuscule initiale indique qu'il s'agit d'un nom déposé. La mention de firmes et de produits commerciaux n'implique pas que ces firmes et produits commerciaux sont agréés ou recommandés par l'Organisation mondiale de la Santé de préférence à d'autres.

PRINTED IN SWITZERLAND

An oral poliovirus vaccine trial in Costa Rica— <i>John R. Paul, Dorothy M. Horstmann, John T. Riordan, E. M. Opton, J. C. Niederman, E. P. Isacson & R. H. Green</i>	311
