

# WHO Drug Information

## Contents

### General Policy Issues

Consumer reporting of adverse drug reactions 211

### Vaccines and Biomedicines

Quality assurance and safety of biologicals 216  
 Oral polio vaccine 216  
 Inactivated polio vaccine 216  
 Production and control of Japanese encephalitis vaccine 216  
 Diphtheria, tetanus, pertussis and combined vaccines 217  
 Transmissible spongiform encephalopathies 217  
 International standards 217

### General Information

Thirty-second Expert Committee on Drug Dependence 221  
 A new review procedure 221  
 Scheduling of ephedrine 221  
 Interpretation guidelines on control status of stereoisomers 221  
 Scheduling recommendations 222  
 Substances for future review 222

### Regulatory and Safety Matters

Etanercept: serious haematological reactions 225  
 Infliximab: safety restrictions 225  
 Phenylpropranolamine withdrawn from drug products 225  
 Labelling revision for phenylpropranolamine 226  
 Phenylpropranolamine advisory to consumers 226  
 Phenylpropranolamine: strengthening of patient information 226  
 Levacetylmethadol and cardiac disorders 226  
 Bovine-derived materials and vaccines: US recommendations 227  
 Products containing human albumin 227

Stavudine and didanosine: pregnancy advisory 227  
 Methysergide and cardiac valvulopathy 228  
 Greater control for cisapride 228  
 New Combination drug for HIV 228  
 Tacrolimus for atopic dermatitis 229  
 Letrozole approved for advance breast cancer 229  
 Alosetron withdrawn 229  
 Basiliximab: hypersensitivity reactions 229  
 Budipine: cardiac reactions 230  
 Capecitabine: revised data sheet 230  
 Benzathine penicillin: fatal mega-unit injections 230  
 Disulfiram: hepatic reactions 230  
 Isoniazid and rifampicin: severe skin reactions 231  
 Omeprazole-induced interstitial nephritis 231  
 Ozagrel sodium: kidney function disorder 231  
 Drug information to the public 231  
 Northern hemisphere influenza vaccine composition 232

### ATC/DDD Classification

Final list 233  
 Temporary list 235

### Herbal Medicines

Research and evaluation of traditional and herbal medicines 237  
 The safety of herbal medicines 241

### Recent Publications and Sources of Information

Bridging the digital divide 244  
 India publishes ethical guidelines for biomedical research 244

### Proposed International

**Nonproprietary Names: List 84** 245
