

WHO Drug Information

Contents

Personal Perspectives

- Putting the "partnership" into public-private partnerships 57
Drug studies in developing countries 58

Reports on Individual Drugs

- Cannabinoids in the management of pain 60
Treatment of tuberculosis and standard of care 61

Vaccines and Biomedicines

- Group procurement of vaccines 62
The GCC procurement system 63
Evaluation of candidate HIV vaccines 65
Diagnosis of prion diseases soon possible? 67

Current Topics

- Implementation of the ICH common technical document 68
Monitoring the emergence of antiretroviral resistance 68
Pharmaceutical legislation review 69
Argentina takes action against black market 69
Pharmacopoeial quality of drugs supplied by Nigerian pharmacies 69
Use of placebo in clinical trials 70
WHO guidelines on good clinical practice reviewed 71

General Information

- Harmonization and international drug monitoring 72
International Federation of Associations of Pharmaceutical Physicians 74

Regulatory and Safety Matters

- New Zealand and Australia: joint medicines regulatory body 76
Bupropion safety information 76
Bupropion update 76
Itraconazole and congestive heart failure 76
Terbinafine and hepatic failure 77

- Paediatric amiodarone labelling changes 77
Cerivastatin: marketing discontinued 77
Phenylpropanolamine withdrawn from market 78
Counterfeit filgrastim 78
Oxycodone: strengthened warning 78
Nesiritide for heart failure 79
Oprelvekin: paediatric safety information 79
Peginterferon alfa-2b combined use: new labelling 79
Ribavirin for combined use 79
Sleep attacks with pramipexole and ropinirole 80
Rosiglitazone associated hepatic and cardiovascular events 80
Clarithromycin: labelling change 80
Herbal OTC remedy and hepatic dysfunction 80
Antipsychotics and high prolactin 81
Sildenafil: not for use with nitrates 81
Propofol, heart failure and high dosages 81
Bupropion and seizures 82
Neurotoxicity with aciclovir and valaciclovir 82
Revised labelling for levocarnitine 82
Avoid trastuzumab and anthracyclines 82

ATC/DDD Classification

- Final list 84
Temporary list 86

Essential Drugs

- Resurgence of sleeping sickness 89

Recent Publications and Sources of Information

- GMP training modules 91
Current challenges in pharmacovigilance 91
WHO Reproductive Health Library 92
Management of sexually transmitted infections 92
Safe Blood Starts With Me 92
Improved access to biomedical journals 92
Global information flow 93
First Asian course in problem-based pharmacotherapy teaching 94

Proposed International

- Nonproprietary Names: List 85 95
