Introduction

To fulfil its responsibility for promoting regular exchange of information on drugs among national health authorities, the WHO Regional Office for Europe issued a Directory of Official Drug Control Agencies in the European Region in 1974. This publication was received enthusiastically and has been updated regularly.

This edition, for the first time available on the worldwide Web, also includes the authorities responsible for drug policy issues and drug reimbursement.

The Regional Office would like to thank all those who contributed the information used in the compilation of the Directory and would appreciate receiving further information or suggestions for incorporation in any future revisions or supplements.

Introduction

Une des responsabilités de l'OMS est de promouvoir l'échange régulier d'informations sur les médicaments entre les services de santé nationaux. Le Bureau régional pour l'Europe de l'OMS a par conséquent publié en 1974 un répertoire des organismes officiels de contrôle des médicaments dans la région européenne. Cette publication a été un grand succès et est régulièrement mise à jour.

Elle est disponible à présent sur le Web et inclus également des informations concernant les autorités responsables des politiques pharmaceutiques et du remboursement des médicaments.

Le Bureau Régional pour l'Europe remercie tous ceux qui ont bien voulu fournir les informations nécessaires à la préparation du répertoire et souhaiterais recevoir tout complément d'information et suggestions susceptibles de figurer dans une édition future.

Einleitung

In Erfüllung seiner Aufgabe, einen regelmässigen Informationsaustausch zwischen den nationalen Gesundheitsbehörden zu fördern, hat das Regionalbüro für Europa im Jahre 1974 ein Verzeichnis der offiziellen Arzneimittelprüfstellen in der Europäischen Region herausgegeben, das eine begeisterte Aufnahme fand und laufend aktualisiert wird.

Diese Ausgabe, die zum ersten Mal über das Internet zu erreichen ist, enthält auch Adressen von Institutionen, die für politische Verfahren oder Kostenerstattung verantwortlich sind.

All denen, die durch ihre Informationen zur Aufstellung dieses Verzeichnisses beigetragen haben, möchte das Regionalbüro seinen Dank aussprechen und sie auch weiterhin um Informationen oder Vorschläge im Hinblick auf künftige Nachträge oder Neuauflagen dieses Verzeichnisses ersuchen.

Введение

Выполняя возложенную на него ответственность по развитию регулярного обмена информацией о лекарственных средствах между национальными органами здравоохранения, Европейское региональное бюро ВОЗ выпустило в 1974 г. Справочник-указатель официальных учреждений Европейского региона по контролю за качеством лекарственных средств. Выход справочника был встречен с энтузиазмом, в него регулярно вносились изменения и дополнения.

Настоящий выпуск, впервые доступный на сети Интернет, также включает перечень официальных учреждений, ответственных за вопросы лекарственной политики и системы возмещения затрат на лекарственные средства (льготный отпуск).

Региональное бюро выражает благодарность всем, предоставившим информацию для Справочника-указателя, и будет признательно за дополнительные сведения и предложения для включения в последующие изменения и дополнения к нему.
