CATALOGUE OF

FELLOWSHIPS/TRAINING GRANTS

IN THE FIELDS OF PSYCHIATRY, NEUROLOGY

AND ALLIED SCIENCES

DIVISION OF MENTAL HEALTH

WORLD HEALTH ORGANIZATION

GENEVA
1990

This document lists Fellowships - assembled by the Division of Mental Health - established to help in the training of professionals on various topics within the broad field of Mental Health Programmes. After a summary description of the Fellowships as a whole, there is detailed information on each of the Fellowships, giving characteristics of the Fellowships, eligibility requirements and information about applications and evaluation procedures. The contact address indicated for each Fellowship (item 5) should be the fastest route to obtain more information.

These Fellowships are not WHO Fellowships: the Mental Health Programme of WHO has, however, been in contact or collaborated with the sponsoring institutions and would be pleased to provide further details on any of the Fellowships listed.

SUMMARY OF
CATALOGUE OF FELLOWSHIPS / TRAINING GRANTS
IN THE FIELDS OF PSYCHIATRY, NEUROLOGY AND ALLIED SCIENCES - GENEVA WHO/HQ

<u>Subject:</u>	<u>No of fellowships offered:</u>	<u>Sponsor:</u>	<u>Page</u>
Neurosciences (e.g. epilepsy and stroke)	5	John E. Fogarty International Centre, NINDS, Bethesda, Maryland, USA	4
Psychiatric epidemiology and social psychiatry	1 - 2	The Australian National University, WHO Collab. Centre for the Epid. of Mental Disorders, Canberra, ACT, Australia	6
Psychiatry	1	Centre Hospitalier Douglas- Douglas Hospital/WHO Collab- orating Centre, Verdun Quebec, Canada	8
Neurology, neurosurgery and related basic disciplines	2	The Montreal Neurological Institute (MNI), Montreal, Quebec, Canada	10
Clinical psychiatric research, analytic psychopharmacology, statistics and information sciences, molecular biology, electrophysiology, and brain imaging.	1	The Nathan Kline Institute, for Psychiatric Research (NKI), Orangeburg, New York, USA	12

<u>Subject:</u>	<u>No of fellowships offered:</u>	<u>Sponsor:</u>	<u>Page</u>
Neurosciences	10	International Brain Research Organization (IBRO), Karolinska Institute, Stockholm, Sweden	14
<u>NARSAD Young Investigator Award:</u>			
Schizophrenia, major affective dis- orders and other serious mental illnesses	24 approx.	NARSAD (National Alliance for Research on Schizophrenia and Depression), Chicago, Ill. USA	16
Psychiatry	8 - 10	North West Regional Health Authority, UK	18
Annex 1	WHO/NINDS International Neurosciences Fellowship Programme Application Form		
Annex 2	WHO/NINDS Neurosciences Fellowship Flowchart of Procedures to be followed		
Annex 3	IBRO/UNESCO Fellowship Programme Application Form		
Annex 4	NARSAD Young Investigator Award Guidelines		

PREFACE

This document lists Fellowships established to help in the training of professionals on various topics within the broad field of Mental Health Programmes. After a summary description of the Fellowships as a whole, there is detailed information on each of the Fellowships, giving characteristics of the Fellowships, eligibility requirements and information about applications and evaluation procedures. The contact address indicated for each Fellowship (item 5) should be the fastest route to obtain more information.

These Fellowships are not WHO Fellowships: the Mental Health Programme of WHO has, however, been in contact or collaborated with the sponsoring institutions and would be pleased to provide further details on any of the Fellowships listed.

1. Name and address of the sponsor:

International Neurosciences Fellowship Programme
Fogarty International Center
National Institutes of Health
Bethesda, Maryland 20892
USA

1.1 Field/area of research under fellowship/award: Neurosciences,
research and training in epilepsy and stroke.

1.2 Number of grants offered: 5 per year.

1.3 Deadline of application: Not specified.

1.4 Foreseen award date: Not specified.

1.5 Duration of training/research covered by the fellowship: 8-12
months in USA (extensions possible under certain circumstances).

1.6 Amount of funds provided to candidate by sponsor: ranges from
US\$18 000 - US\$22 000 per annum.

1.7 Who pays travel expenses?: The home institution of successful
applicants provides the round-trip transportation to the U.S. host
institution.

1.8 Availability of local facilities (housing for the candidate and/or
possibly for dependent(s)): In part covered by host
institution.

2. Eligibility requirements of candidate(s): Preference for candidates from
developing countries.

2.1 Personal attributes (e.g. age range, language proficiency): Age:
not specified; language: to be proficient in spoken English and
applicants are required to take the Test of English as a Foreign
language (TOEFL) Examination.

- 2.2 **Qualifications (academic degree):** Doctoral degree (M.D. Ph.D., D.V.M., D.D.S.) or the equivalent in a health science field; candidates should be junior or mid-career health professionals and scientists in neurosciences.
- 2.3 **Research experience (length and topics of previous research):**
Preference will be given to applicants currently working or planning careers in health agencies or health professional schools.
- 2.4 **Publications:** Not requested but applicants must submit a work plan with application.
- 2.5 **Health status:** Good health.
- 2.6 **Other requirements:** a) Have a sponsor in the US and b) have an assurance from an organization in home-country of position to return to after completion of fellowship.

3. Method of selection of candidate:

The preapplication will be evaluated by a Review Committee composed of WHO, Heads of WHO Collaborating Centres for Research and Training in Neurosciences and experts from the World Federation of Neurology. Final applications will be similarly reviewed and rated for final decision by NINDS.

4. Host institution accepting to provide training/research opportunities:

To be in USA, affiliated with a public or non profit organization. The U.S. Host institution will receive a modest allowance to cover such costs as health insurance and supplies.

4.1 **Facilities available (laboratories, library, etc.)**

5. Address to which applicants should send the required material and obtain further information:

Division of Mental Health
Neurosciences Programme
The World Health Organization
Headquarters
1211 Geneva 27
Switzerland

1. Name and address of the sponsor:

The Australian National University
NH & MRC Social Psychiatry Research Unit and
WHO Collaborating Centre for the Epidemiology of Mental Disorders
G.P.O. Box 4
Canberra, A.C.T. 2601
Australia
Tel: +61 62 473695 Fax No:+61 62 49 0733 Telex: 62033AA

1.1 Field/area of research under fellowship/award: Psychiatric
epidemiology and social psychiatry.

1.2 Number of grants offered: According to success of applicants to
Applicants to the Australian International Development Assistance
Bureau (AIDAB), International Development Programme of Australian
University Colleges (IDP).

1.3 Deadline of application: None.

1.4 Foreseen award date: About 1 year after acceptance.

1.5 Duration of training/research covered by the fellowship: Up to a
maximum of 3 1/2 yrs. for Masters Degree or up to 5 yrs. for PhD.

1.6 Amount of funds provided to candidate by sponsor: About AUS\$18,000
to AUS\$20,000 per yr. for a single person (including conference
attendance and research materials).

1.7 Who pays travel expenses?: AIDAB.

1.8 Availability of local facilities (housing for the candidate and/or
possibly for dependent(s): Usually.

2. Eligibility requirements of candidate(s): Yes.

2.1 Personal attributes (e.g. age range, language proficiency): A high
level of fluency is essential in spoken and written English.

2.2 Qualifications (academic degree): First-class or upper second-class Honours degrees who wish to proceed to degree of PhD in social psychiatry and the epidemiology of mental disorders. Applications invited from behavioural or social scientists.

2.3 Research experience (length and topics of previous research): Highly desirable.

2.4 Publications: Highly desirable.

2.5 Health status: Compatible with living in Canberra for several years.

2.6 Other requirements: Energy and drive.

3. Method of selection of candidate: By qualifications and by interview in home country.

4. Host institution accepting to provide training/research opportunities:
The Australian National University.

4.1 Facilities available (laboratories, library, etc.): Excellent libraries, including the Australian National Library. National Centre for Epidemiology and Population Health is on the same campus.

5. Address to which applicants should send the required material and obtain further information:

The Australian National University

NH & MRC Social Psychiatry Research Unit and

WHO Collaborating Centre for the Epidemiology of Mental Disorders

G.P.O. Box 4

Canberra, A.C.T. 2601

Australia

Attention of Professor A.S. Henderson - Tel: +61 62 47 3695

1. Name and address of the sponsor:

Centre Hospitalier Douglas-Douglas Hospital/WHO Collaborating Centre
for Research and Training in Mental Health (identified as MTL)
6875 LaSalle Boulevard
Montreal, Quebec, Canada, H4H 1R3
Tel: (514) 761-6131. Fax No: (514) 761 4816

Name and address of affiliate sponsor:

Psychopharmacology Research and Training Centre
The Hamilton Psychiatric Hospital
P.O. Box 585, Ontario, Canada, L8N 3K7

1.1 Field/area of research under fellowship/award: Biological
Psychiatry

1.2 Number of grants offered: MTL: 1. HLT: 1 (in alternate
years).

1.3 Deadline of application: 1 April.

1.4 Foreseen award date: HLT: 1990/1992. MTL: 1991/1993.

1.5 Duration of training/research covered by the fellowship: 2 years.

1.6 Amount of funds provided to candidate by sponsor: MTL: CDA\$22,000
HLT: CDA\$35,000.

1.7 Who pays travel expenses?: MTL pays for candidate.
HLT does not pay.

1.8 Availability of local facilities (housing for the candidate and/or
possibly for dependent(s): (MTL: Yes. HLT: No. (At least 5
meals offered to participants).

2. Eligibility requirements of candidate(s):

2.1 Personal attributes (e.g. age range, language proficiency): French
or English.

- 2.2 **Qualifications (academic degree):** The candidates should have a University degree with some experience in an area related to biological psychiatry.
- 2.3 **Research experience (length and topics of previous research):** some training in research methodology.
- 2.4 **Publications:** at least 4.
- 2.5 **Health status:** good health.
- 2.6 **Other requirements:** Formal application in duplicate by 1 October of year preceding fellowship. An updated C.V. as well as evidence of institutional and governmental backing. (For the year 1992, at HLT candidacies can be received after 1 October 1990). Home affiliation - essential. The fellow should have achieved capacity for independent research at the end of his training period.

3. Method of selection of candidate:

MTL: The Douglas Hospital Research Centre Committee, the Scientific Director, and the Director of the Centre.

HLT: The Psychopharmacology Research and Training Centre of the Hamilton Psychiatric Hospital, with Department of Psychiatry, Faculty of Health Sciences, McMaster University, in cooperation with Montreal/WHO Collaborating Centre.

4. Host institution accepting to provide training/research opportunities:

4.1 **Facilities available (laboratories, library, etc.):** Yes.

5. Address to which applicants should send the required material and obtain further information:

MTL
 Dr Gaston P. Harnois
 Director General
 Douglas Hospital
 6875 Boulevard Lasalle
 Verdun, Quebec H4H 1R3
 Canada

HLT
 Professor Bishan Saxena
 Director of Research
 Hamilton Psychiatric Hospital
 P.O. Box 585, Hamilton, Ontario
 Canada, L8N 3K7

1. Name and address of the sponsor:

The Montreal Neurological Institute/WHO Collaborating Centre
3801 University Street
Montreal, Quebec H3A 2B4
Canada

1.1 Field/area of research under fellowship/award: Neurology,
neurosurgery and neurosciences.

1.2 Number of grants offered: Izaak Walton Killam Fellowships - 2
Jeanne Timmins Fellowships - 2.

1.3 Deadline of application: (15 months prior to the desired starting
date of award.

1.4 Foreseen award date: 15 months after date of application.

1.5 Duration of training/research covered by the fellowship: 1 year
with possibility of renewal.

1.6 Amount of funds provided to candidate by sponsor: Canadian\$25,000.

1.7 Who pays travel expenses?: Applicant.

1.8 Availability of local facilities (housing for the candidate and/or
possibly for dependent(s): Candidates will be put in touch with
McGill off-campus housing.

2. Eligibility requirements of candidate(s):

2.1 Personal attributes (e.g. age range, language proficiency):
Proficiency in English and French desirable.

2.2 Qualifications (academic degree): Medically qualified candidates (M.D.) and/or holding Ph.D in appropriate field.

- a) Physicians who have completed specialty training in neurology or neuro-surgery and who seek further neuroscientific training; and
- b) Ph.D's seeking post-doctoral positions in a neuroscience laboratory.

2.3 Research experience (length and topics of previous research):
Research experience varies with background of applicant.

2.4 Publications: Varies with background of applicant.

2.5 Health status: Good health.

2.6 Other requirements:

3. Method of selection of candidate: Committee review in January and June.

4. Host institution accepting to provide training/research opportunities:

4.1 Facilities available (laboratories, library, etc.): The Montreal Neurological Institute incorporates both clinical and research facilities. Details concerning the various laboratories are included in the annual report of the institute which can be obtained on request.

5. Address to which applicants should send the required material and obtain further information:

The Director
Montreal Neurological Institute
3801 University Street, Room 604
Montreal, Quebec H3A 2B4
Canada

1. Name and address of the sponsor:

The Nathan S. Kline Institute (NKI)
for Psychiatric Research/WHO Collaborating Centre
Orangeburg, New York 10962
Telephone: (914) 365-2000

1.1 Field/area of research under fellowship/award: Clinical psychiatric research, analytic psychopharmacology, statistics and information sciences, molecular biology, electrophysiology and brain imaging.

1.2 Number of grants offered: Variable -different numbers available at different times.

1.3 Deadline of application: None - applications accepted at any time.

1.4 Foreseen award date: Awards are made when there are acceptable applicants and available funds.

1.5 Duration of training/research covered by the fellowship: 1-2 years.

1.6 Amount of funds provided to candidate by sponsor: Variable - after salary at an equivalent US level for performance of particular function. (Requested WHO contribution to provide stipends, if funds are available).

1.7 Who pays travel expenses?: Applicant pays travel. (Requested WHO contribution if funds are available).

1.8 Availability of local facilities (housing for the candidate and/or possibly for dependent(s)): Available at NKI.

2. Eligibility requirements of candidate(s):

2.1 Personal attributes (e.g. age range, language proficiency): English necessary.

2.2 Qualifications (academic degree): MD or Ph.D required. Candidates should be young psychiatric researchers from countries which are sufficiently developed to the extent that a career in psychiatric research is feasible there.

2.3 Research experience (length and topics of previous research): Desirable but not required.

2.4 Publications: Desirable but not required.

2.5 Health status: Good health.

2.6 Other requirements: None.

3. Method of selection of candidate:

Selection made by relevant programme scientists and clinicians.

4. Host institution accepting to provide training/research opportunities:

The Nathan S. Kline Institute (NKI), New York, USA, and New York University, Department of Psychiatry, New York, N.Q., USA.

4.1 Facilities available (laboratories, library etc.): Educational programmes free of charge.

5. Address to which applicants should send the required material and obtain further information:

The Nathan S. Kline Institute (NKI)
for Psychiatric Research
Attention Dr Robert Cancro, Director,
Orangeburg, New York 10962
Telephone: (914) 365-2000
(with copy to Dr Eugene Laska at the same address)

1. Name and address of the sponsor:

International Brain Research Organization (IBRO)
IBRO/UNESCO Fellowship Programme
51 Boulevard de Montmorency
75016 PARIS
France

1.1 Field/area of research under fellowship/award: All fields of neuro-
sciences. (Basic sciences of importance to brain research).

1.2 Number of grants offered: Depends on who is the donor institution.

1.3 Deadline of application: before 31 March or 30 September of each
year.

1.4 Foreseen award date:

1.5 Duration of training/research covered by the fellowship: six months
months to 2 years, depending on the donor country

1.6 Amount of funds provided to candidate by sponsor: Variable.

1.7 Who pays travel expenses?: -

1.8 Availability of local facilities (housing for the candidate and/or
possibly for dependent(s)): None.

2. Eligibility requirements of candidate(s): Open to candidates of all
nationalities, already engaged in the field of brain research.

2.1 Personal attributes (e.g. age range, language proficiency):

2.2 Qualifications (academic degree): Postdoctoral level (e.g. M.D., Ph.D; V.M.D) already engaged in research in the field of neuroscience.

2.3 Research experience (length and topics of previous research):

2.4 Publications: As soon as possible after end of fellowship, the fellow should submit a report (not exceeding 300 words).

2.5 Health status: Good health.

2.6 Other requirements: All applications have to be accompanied by a letter of recommendation from someone familiar with the candidate's work and a letter of acceptance from receiving institution.

3. Method of selection of candidate: Once IBRO have reviewed applications they shall be forwarded to the funding organization in the intended host-country for assessment and selection.

4. Host institution accepting to provide training/research opportunities:

4.1 Facilities available (laboratories, library, etc.):

5. Address to which applicants should send the required material and obtain further information:

IBRO/UNESCO Fellowship Committee
51 Blvd. de Montmorency
75016 Paris
France

(Attention of Dr E.S. Vizi)

1. Name and address of the sponsor:

NARSAD (National Alliance for Research on Schizophrenia and
Depression)

NARSAD Young Investigator Award

Suite 1428

208 S LaSalle Street

Chicago, Illinois 60604, USA

Telephone No: 312-641-1666

1.1 Field/area of research under fellowship/award: Schizophrenia, major
affective disorders and other serious mental illness.

1.2 Number of grants offered: 24 approximately.

1.3 Deadline of application: 1 November 1990 (Notifications of awards
will be mailed for 1991 by 1 March 1991). (Dates will remain same
for 1992 award - updated to appropriate year).

1.4 Foreseen award date: 1 July 1991.

1.5 Duration of training/research covered by the fellowship: Up to
2 yrs.

1.6 Amount of funds provided to candidate by sponsor: Request not
exceeding US\$60,000 (US\$30,000 per yr.).

1.7 Who pays travel expenses?: Grant covers travel expenses to
scientific meetings and seminars providing the travel pertains to the
research project NARSAD is funding.

1.8 Availability of local facilities (housing for the candidate and/or
possibly dependent(s)): No housing.

2. Eligibility requirements of candidate(s):

2.1 Personal attributes (e.g. age range, language proficiency):
Proficient in written and spoken English necessary.

2.2 Qualifications (academic degree): Recently earned doctoral degree or equivalent.

2.3 Research experience (length and topics of previous research):

Either being a participant in active research training or at the beginning phase of his/her initial faculty or research position. To give details of the applicant's research work.

2.4 Publications: No publications are submitted with the application. (Awardees submit publications as part of the final report concerning their research under the NARSAD grant.

2.5 Health status: Good health.

2.6 Other requirements: a) a mentor or senior collaborator who is an established investigator in schizophrenia, depression or other serious mental illnesses and b) 8 copies of the NARSAD application form to be completed and full curriculum vitae.

3. Method of selection of candidate:

Selected by a NARSAD Scientific Council Review Committee, with approval of NARSAD Board of Directors. (Need not be a United State's citizen. Applicant may be from any area of the world - as long as he/she is qualified.

4. Host institution accepting to provide training/research opportunities:

To provide C.V. and bibliography of the mentor/senior collaborator/sponsor.

4.1 Facilities available (laboratories, library, etc.): This depends upon University where awardee is conducting his/her research.

5. Address to which applicants should send the required material and obtain further information:

NARSAD

208 South LaSalle Street

Suite 1428

Chicago, Illinois 60604, USA Telephone: (312) 641-1666

Attention of: Dr Herbert Pardes, M.D., President, Scientific Council

1. Name and address of the sponsor:

North West Regional Health
Authority
United Kingdom

1.1 Field/area of research under fellowship/award: The Manchester Scheme
for the Training of Overseas Junior Psychiatrists.

1.2 Number of grants offered: 10.

1.3 Deadline of application: 6 months before starting date.

1.4 Foreseen award date: Starting dates: February and August each year.

1.5 Duration of training/research covered by the fellowship: Two years
at least, to take a Diploma in Clinical Psychiatry.

1.6 Amount of funds provided to candidate by sponsor: About £10 000
p.a. as salary.

1.7 Who pays travel expenses?: Not paid, nor are tuition fees, nor
insurances.*

1.8 Availability of local facilities housing for the candidate
and/or possibly dependent(s): Single person accommodation normally
available at the base hospital; family accommodation may be available
but there is a shortage.

2. Eligibility requirements of candidate(s):

2.1 Personal attributes (e.g. age range, language proficiency): To be
fluent in English.

*Possibility to meet initial cost with an advance on salary and with a
£1 000 bank-loan at low interest.

2.2 **Qualifications (academic degree):** Medical degree must have been obtained at a school approved by the British Medical General Council. Applicants must have spent at least one year in post-graduate training in psychiatry and at least 3 years in medical practice after qualification.

2.3 **Research experience (length and topics of previous research):** Not necessary.

2.4 **Publications:** To be submitted if available.

2.5 **Health status:** Excellent health

2.6 **Other requirements:** Candidates have to submit a handwritten account of what they expect to gain from the course; a current Curriculum Vitae and a copy of the medical degree certificate.

3. Method of selection of candidate:

Selection by the University Department of Psychiatry, Manchester in collaboration with the Employment Authority. WHO is only responsible to provide names of potential candidates.

4. Host institution accepting to provide training/research opportunities:

4.1 **Facilities available (laboratories, library, etc.):** Those of District General Hospitals as well as Mental Hospitals and the Manchester University Department of Psychiatry.

5. Address to which applicants should send the required material and obtain further information:

Professor D.P. Goldberg
Department of Psychiatry
University of Manchester
Withington Hospital
West Didsbury
Manchester M 20 8LR, United Kingdom

1990 GUIDELINES

THE NATIONAL ALLIANCE FOR RESEARCH ON SCHIZOPHRENIA AND DEPRESSION
NARSAD YOUNG INVESTIGATOR AWARD

Awards of up to \$30,000 a year for up to 2 years are provided to enable promising investigators to either extend their fellowship research training or to begin careers as independent research faculty. Basic and/or clinical investigators are supported, but research must be relevant to schizophrenia, major affective disorders and other serious mental illnesses.

Specifications are:

1. Applicant must have recently obtained an advanced degree (doctoral level or equivalent) and must already be a participant in active research training, or at the beginning phase of his/her initial faculty or independent research position.
2. Applicant must have a mentor or senior collaborator who is an established investigator in areas relevant to schizophrenia, depression or other serious mental illness.
3. Applications must be postmarked by November 1, 1989. Notification of awards will be mailed on or before March 1, 1990. Earliest award date is July 1, 1990.
4. Applications are to be brief and include the following:
 - (a) A letter from a mentor/sponsor stating how the award will enhance the applicant's training or facilitate the transition into an independent investigator of relevance to NARSAD'S mission. The sponsor's commitment to the proposed work must be described. An absolute maximum of one page standard type is required.
 - (b) A letter from the applicant outlining training and/or project goals that will be accomplished within the award period. One representative project should be described in sufficient detail to elucidate hypothesis, significance, and central methodology. An absolute maximum of two pages standard type, with no appendices, is required. A page listing up to ten bibliographical references may be included.
 - (c) A brief description of present or just completed research training, and the applicant's future career plans. A one-half page limit is required.

- (d) A budget description specifying the amount requested with a brief justification. Requests must not exceed \$30,000 per year. NARSAD does not pay institutional overhead on this Young Investigator Program. The budget statement should define the unique contribution of this award to the applicant's research activities and note the impact of this award on other institutional support available to the applicant. This item has a one-half page limitation. NARSAD allows considerable flexibility in the use of the funds, including support for stipends, and equipment, etc., as long as the support is in the service of the research project.
- (e) A less than 250 word description of the applicant's research proposal should be written on the enclosed abstract form, in terms understandable to lay people. This material may be used in NARSAD announcements.
- (f) Curriculum vitae and bibliography of the applicant and the mentor/sponsor. Be sure current grant support of the mentor/sponsor is listed, and of the applicant where applicable.
- (g) In fairness to all applicants, please note that supplemental material and material exceeding the specified length will not be considered in the review process.

Applicants should submit the required material in the above order (a through g) and send to:
