ACTION PROGRAMME ON ESSENTIAL DRUGS**

Action Programme on Essential Drugs/WHO Revised Drug Strategy

Implementation of WHO's Revised Drug Strategy:

Action Programme on Essential Drugs. Progress report by the Director-General. 25 March 1992. A45/12 (A/C/E/F/R/S).

Implementation of WHO's Revised Drug Strategy:

Safety and Efficacy of Pharmaceutical Products. Progress report by the Director-General. 18 March 1992. A45/13 (A/C/E/F/R/S).

Action Programme on Essential Drugs. Report for the biennium 1990-1991. Geneva, February 1992. DAP/MAC(4)/92.4. (E/F).

Action Programme on Essential Drugs. Proposed programme plan and budget for 1992-1993. DAP/MAC(4)/92.5. (E/F).

Action Programme on Essential Drugs. Management Advisory Committee. Report of the Meeting. Geneva, 26-27 February 1992. DAP/MAC(4) 92.11. (E/F).

Essential Drugs Monitor. This bulletin, published two to three times per year, covers essential drug programmes, national drug policy, rational use, research, and related publications. (E/F/S).

World Health: Essential Drugs. The magazine of the World Health Organization. March-April 1992.

Essential drugs: Action for equity. Brochure describing the work of the Action Programme on Essential Drugs. 1992. (E/F/S).

WHO Action Programme on Essential Drugs in the South-East Asia Region. Report of an intercountry consultative meeting. New Delhi, 4-8 March 1991.

The rational use of drugs - Report of the conference of experts, Nairobi, 25-29 November 1985. WHO. 1987. (C/E/F/R/S). *

Ar = Arabic, C = Chinese, E = English, F = French, G = German, S = Spanish, R = Russian.

* Priced publication which can be consulted in the Documentation Centre and purchased through Distribution and Sales, WHO, or the stated publisher. A strictly limited number of copies is available from the Action Programme on Essential Drugs, on special request, free of charge to developing countries.

Selection and use of drugs

The use of essential drugs (Model list of essential drugs. Seventh revision), report of a WHO Expert Committee. WHO. 1992. TRS 825. (E/F) *

Estimating drug requirements: a practical manual. WHO/DAP/88.2. (E/F/S).

WHO model prescribing information: *

Drugs used in anaesthesia. WHO. 1989. (E/F/S).

Drugs used in parasitic diseases. WHO. 1990. (E/F/S).

Drugs used in mycobacterial diseases. WHO. 1991. (E/F/S).

Clinical Pharmacology. The European Challenge.

WHO Regional Office for Europe. 1991. *

Drugs in general practice. WHO Regional Office for Europe. 1985. *

Drugs for the elderly. WHO Regional Office for Europe. 1989. *

Drugs for children. WHO Regional Office for Europe. 1987. *

Psychoactive drugs: Improving prescribing practices. WHO. 1988. (Ar/C/E/F). *

Development and implementation of drug formularies.

Pan American Health Organization, 1984. (E/S). *

Psychotropic drug guidelines. 1989/1990. Victorian Medical Postgraduate Foundation Inc., Therapeutics Committee. June 1989. *

Analgesic guidelines. Second edition 1992/1993. Victorian Medical Postgraduate Foundation Inc., Therapeutics Committee. January 1992. *

Antibiotic guidelines. Seventh edition 1992/1993. Victorian Medical Postgraduate Foundation Inc., Therapeutics Committee. January 1992. *

Cardiovascular drug guidelines. 1991/1992. Victorian Medical Postgraduate Foundation Inc., Therapeutics Committee. January 1991. *

Manual for rural health workers diagnosis and treatment with essential drugs. Heymans Foundation, Ghent, Belgium, 1991. (E/F). *

Médicaments essentiels. Guide pratique d'utilisation. Médecins sans Frontières. Paris, 1990. *

Clinical guidelines. Diagnostic and treatment manual. Médecins sans Frontières. Paris, 1988. (E/F/S). *

Guidelines for donors and recipients of pharmaceutical donations.

Christian Medical Commission. World Council of Churches. Geneva, 1990. (E/F/S/G).

Les 120 médicaments de l'hôpital secondaire. Manuel des prescripteurs.
Institut Universitaire d'Etudes du Développement. Genève, 1989. *

Generic names for drugs: the WHO process for assigning INNs.
A. Wehrli. Drug News & Perspectives (2) 1988, pp. 105-108.

Drug selection, a way to better therapy? M. Helling-Borda. DAP/85.2. (E/F).

Production, supply and marketing of drugs

The new emergency health kit. WHO/DAP/90.1. (E/F/S).

The world drug situation. WHO. 1988. (E/F). *

Ethical criteria for medicinal drug promotion. WHO. 1988. (Ar/C/E/F/R/S). *

Drug supply by ration kits. Report of an evaluation. WHO/DAP/91.2.

General guidelines for a manual on drug procurement and distribution appropriate for developing countries. Yeap Boon Chye. DAP/88.11. (E/F).

Guidelines and recommendations for the establishment of a large volume parenteral solutions production plant in developing countries.
S. Raffaelli. DAP/85.11.

Policies for the production and marketing of essential drugs.
Pan American Health Organization. 1984. (E/S).

Managing drug supply (including the selection, procurement, distribution, and use of pharmaceuticals in primary health care). Management Sciences for Health. 1981. (E/F/S). *

Management of drug purchasing, storage and distribution.
Manual for developing countries. G. Dorner et al. Third revised edition, 1992. (E/F).

Quality assurance

WHO expert committee on specifications for pharmaceutical preparations.
Thirty-second report. WHO. 1992. TRS 823. (E/F) *

Good manufacturing practices for pharmaceutical products. WHO. 1992.
(Annex 1, WHO expert committee on specifications for pharmaceutical preparations, Thirty-second report. TRS 823).

Provisional guidelines on the inspection of pharmaceutical manufactures.
WHO. 1992. (Annex 2, WHO expert committee on specifications for pharmaceutical preparations, Thirty-second report. TRS 823).

The WHO certification scheme on the quality of pharmaceutical products moving in international commerce. WHO. 1992.

(Annex 3, WHO expert committee on specifications for pharmaceutical preparations, Thirty-second report. TRS 823).

Guidelines for assuring the quality of pharmaceutical and biological products prepared by recombinant DNA technology. WHO. 1992.

(Annex 4, WHO expert committee on specifications for pharmaceutical preparations, Thirty-second report. TRS 823).

WHO Drug Information. A quarterly bulletin which covers individual drugs and regulatory matters. (E/F/S). *

Basic tests for pharmaceutical dosage forms. WHO. 1991. *

Basic tests for pharmaceutical substances. WHO. 1986. (Ar/C/E/F/S). *

WHO/UNICEF study on the stability of drugs during international transport. WHO/DAP/91/1.

Accelerated stability studies of widely used pharmaceutical substances under simulated tropical conditions. WHO/PHARM/86.529.

Economics and financing of drugs

Latin American conference on economic and financial aspects of essential drugs. Report. Caracas, March 1992. WHO/DAP/92.8. (E/S).

Access to drugs and finance. Basic economic and financial analysis. Geneva, 1991. WHO/DAP/91.5. (E/F/S).

Financing essential drugs: report of a WHO workshop. Harare, 1988. DAP/88.10.

Procurement and financing of essential drugs. Report of a meeting on drug policies and management. Madrid, 1984. DAP/84.5. (E/F/S).

Drug list of indicative prices. UNICEF/UNIPAC.

Pharmaceutical raw materials/essential drugs report. Market News Service. International Trade Centre UNCTAD/GATT (ITC) (monthly update).

Price indicator. International Dispensary Association (IDA). Amsterdam, April, 1992.

The international price indicator guide. Management Sciences for Health. Boston, 1992.

Price indicator on international low-price sources for essential drugs.

Fourth revised and updated edition. Medico International and A.I.I.
Arzneimittelinformation Berlin GmbH, 1991. *

Drugs and money. The problem of cost containment (sixth edition).

STYX Publications, Groningen, 1991. *

Financing primary health care programmes - can they be self-sufficient?

Christian Medical Commission, World Council of Churches, Geneva, 1987.

Spending money sensibly: the case of essential drugs. T. Catsambas and S. Foster.

Finance and Development 23(4) 1986, pp. 29-32. (E/F/S).

Human resources and training

Protocol for field testing. Model guide to good prescribing.

WHO/DAP/92.1 (currently available only to participants in field test).

Model guide to good prescribing.

DAP/91.12 (currently available only to participants in field test).

The role of the pharmacist in the health care system. Report of a WHO

consultative group. New Delhi, 13-16 December 1988. WHO/PHARM/DAP90.1. (E/F).

The role and function of the pharmacist in Europe.

STYX Publications, Groningen. 1989. *

Information sheets on training related to activities of implementing national drug policies and essential drugs programmes. Draft. October, 1991.

The essential drugs concept and the role of medical schools in its dissemination:

Proceedings of a workshop. Dar es-Salaam, 1986. DAP/87.6.

National drug policy and strategy - Trainers' guides

(to accompany each session guide listed below). DAP/86.2. (E/F).

Session guides on: Introduction to national drug policy; Supply system organization; Selection of drugs; Planning drug requirements: Procurement strategies; Systematic cost reduction: Financing the drug supply; Quality assurance; Introduction to proper drug use. DAP/86.3 (1-9).

Educational material for patients. Report of an informal working group.

New Delhi, 1985. DAP/85.10. (E/F).

Course module on policies for essential drugs in primary health care.

DAP/85.3. (E/F).

Essential drugs for primary health care. A manual for health workers in South-East Asia. WHO Regional Office for South-East Asia. New Delhi 1988. SEARO Regional Health Papers No. 16. *

Training in pharmaceutical technology. Guidelines and recommendations for solid dosage forms of essential drugs to be tableted; II: Standard equipment of manufacturing laboratory. M. Traisnel et al. 1983. (E/F).

Places of training in drug quality control offered by the International Federation of Pharmaceutical and Manufacturers Associations. PHARM/82.3. (E/F).

National drug policy

Guidelines for developing national drug policies. WHO. 1988. (E/F/S). *

Syria national drug policy. Ministry of Health, Damascus, 1992.

Malawi national drug policy. Ministry of Health, Malawi. July 1991.

National drug policy for Nigeria. Federal Ministry of Health, Lagos, Nigeria. 1990.

The Philippine national drug policy: A Primer.
Department of Health, Manila, Philippines.

National drug policy and strategy. Report of a workshop. Arusha, 1985. DAP/85.7.

Evaluation

Guidelines for periodic progress reports. Methodological guide.
Geneva, 1992. WHO/DAP/92.11. (E/F/S).

Evaluation of the Yemen Arab Republic essential drugs programme. DAP/92.10.

Evaluation of the Nile Province essential drugs project. 1991. WHO/DAP/91.10.

Report of the Myanmar essential drugs project midterm evaluation mission.
DAP. 1991.

Royal Government of Bhutan. Bhutan's essential drugs programme.
Evaluation report. 1990. DAP/91.6

Review of the drug programme in Thailand. 1986. DAP/88.5.

Assessment of the pharmaceutical supply system of Papua New Guinea. DAP/87.7.

Guidelines for evaluating an essential drugs programme. DAP/85.8.

Impact of an essential drugs programme on availability and rational use of drugs.
H.V. Hogerzeil, G.J.A. Walker, A.O. Sallami, G. Fernando.
The Lancet; 141-142. January 1989.

Legislation and regulatory control

Guiding principles for small national drug regulatory authorities. WHO. 1990.
(Annex 6, WHO expert committee on specifications for pharmaceutical preparations,
Thirty-first report, 1990. TRS 790.) (E/F/S).

**Regulation of pharmaceuticals in developing countries: legal issues and
approaches.** D.C. Jayasuriya. WHO. 1985. (Ar/E/F/S). *

Establishment of a statutory drug regulation in developing countries. P. Fallet.
DAP/WP/83.1. (E/F).

Basic elements of drug legislation and regulatory control for developing countries.
Report of a consultation. Geneva, 1981. DAP/81.3. (E/F).

Research

**Injection practices research. Report of two informal workshops on injection
practices research.** Geneva, May 1990 and Amsterdam, October, 1991.
WHO/DAP/92.9. (DAP Research Series N°. 1).

How to investigate drug use in communities.
Guidelines for social science research, Geneva, 1992.
WHO/DAP/92.3. (DAP Research Series N°. 2).

Operational research on the rational use of drugs.
Report of a conference. Paris, March 1991.
WHO/DAP/92.4. (DAP Research Series N°. 3).

Development of indicators for monitoring national drug policies.
Geneva, 1992. WHO/DAP/92.6. (DAP Research Series N°. 4).

People's perception and use of drugs in Zimbabwe:
A socio-cultural research project. WHO/DAP/92.7. (DAP Research Series N°. 5).

A call for operational research 1989. WHO/DAP/89.1.

Report of a workshop on social science research applied to essential drugs,
Kenya 1988. WHO/DAP/89.2.

Reference material

National, regional and international essential drugs lists, formularies and treatment guides. December 1992. WHO/DAP/92.15.

Selected annotated bibliography on essential drugs. DAP/90.3

International Nonproprietary Names (INN) for pharmaceutical substances. Cumulative list No. 8. 1992. *

INRUD drug use bibliography, August 1991.

Publications produced by drug regulatory authorities and other agencies, fourth edition, January 1990. WHO/PHA/LPB/90.1.

Bibliografía seleccionada sobre medicamentos esenciales. DAP/89.6.
