RESEARCH PROJECT FOR INTERNATIONAL DRUG MONITORING¹

LIST OF THE NON-PROPRIETARY NAMES² OF DRUGS REPORTED
IN ASSOCIATION WITH SUSPECTED ADVERSE REACTIONS

No. 1 Geneva, 1 November 1971

INDEXED

This document contains 1 926 therapeutic drugs listed under non-proprietary names which have been recorded in the WHO Project's files from 27 489 case reports of suspected adverse reactions during the period March 1968 to October 1971.

The reporting sources are collaborating national drug monitoring centres in Australia, Canada, Czechoslovakia, Denmark, Federal Republic of Germany, Ireland, Netherlands, New Zealand, Norway, Sweden, United Kingdom and United States of America.

Note: After each drug name the designation N or K = reported only as a single drug; *N = reported both as a single drug and as an ingredient in a mixture; C = reported only as an ingredient of a mixture.
