

SCIENTIFIC GROUP ON INTESTINAL PROTOZOAN  
AND HELMINTHIC INFECTIONS

Geneva, 27 October - 1 November 1980

LIST OF DOCUMENTS

<u>Reference</u> Agenda item	<u>Title</u>	<u>Author</u>
INT.PAR.SG/WP/80.01	Draft agenda	
INT.PAR.SG/WP/80.02	List of participants	
INT.PAR.SG/WP/80.03	List of documents	

WORKING PAPERS

INT.PAR.SG/WP/80.1 Agenda item 2.1	Definitions, classification and terminology	Pawlowski, Z.S.
INT.PAR.SG/WP/80.2 Agenda item 2.2.1	Host factors influencing the pathogenicity, mortality and morbidity of human intestinal parasitic infections	Marsden, P.D.
INT.PAR.SG/WP/80.3 Agenda item 2.2.2	Parasite factors influencing pathogenicity, mortality, and morbidity of human intestinal infections	Beaver, P.C.
INT.PAR.SG/WP/80.4 Agenda item 2.3	Variables related to prevalence and intensity of human intestinal parasitic infections	Pawlowski, Z.S.
INT.PAR.SG/WP/80.5 Agenda item 2.4	Public health and socioeconomic importance of intestinal protozoan and helminthic infections	Rey, L.
INT.PAR.SG/WP/80.6 Agenda item 3.1.1	<u>Entamoeba histolytica</u> : recent advances in cultivation, biochemistry, molecular biology, virulence, immunology, serodiagnosis and vaccine development	Diamond, L.S.
INT.PAR.SG/WP/80.7 Agenda item 3.1.1	Recent advances in knowledge of virulence of various <u>Entamoeba histolytica</u> strains	Sargeant, P.G. and Williams, J.E.
INT.PAR.SG/WP/80.8 Agenda item 3.1.1	Epidemiology of human amoebiasis, including virulence of various strains of <u>Entamoeba histolytica</u>	Bos, H.J.

The issue of this document does not constitute formal publication. It should not be reviewed, abstracted or quoted without the agreement of the World Health Organization. Authors alone are responsible for views expressed in signed articles.

Ce document ne constitue pas une publication. Il ne doit faire l'objet d'aucun compte rendu ou résumé ni d'aucune citation sans l'autorisation de l'Organisation Mondiale de la Santé. Les opinions exprimées dans les articles signés n'engagent que leurs auteurs.

<u>Reference</u> Agenda item	<u>Title</u>	<u>Author</u>
INT.PAR.SG/WP/80.9 Agenda item 3.1.1	Clinical aspects of human amoebiasis	Sankalé, M.
INT.PAR.SG/WP/80.10 Agenda item 3.1.1	Pathomorphology of human amoebiasis	Abioye, A.A.
INT.PAR.SG/WP/80.11 Agenda item 3.1.2	Biology of <u>Giardia lamblia</u>	Healy, C.R.
INT.PAR.SG/WP/80.12 Agenda item 3.1.2	Giardiasis - epidemiologic aspects in the United States of America	Schultz, M.G.
INT.PAR.SG/WP/80.13 Agenda item 3.1.2	Clinical aspects of giardiasis	Ozeretskovskaya, N.N.
INT.PAR.SG/WP/80.14 Agenda item 3.2	Clinical and public health importance of human intestinal protozoa other than <u>Entamoeba histolytica</u> , <u>Giardia lamblia</u> and <u>Balantidium coli</u>	Kasprzak, W.
INT.PAR.SG/WP/80.15 Agenda item 3.3.1	Immunology of ascariasis	Leikina, E.S. and Poletaeva, O.G.
INT.PAR.SG/WP/80.16 Agenda item 3.3.1	Ascariasis. Host-pathogen biology	Pawlowski, Z.S.
INT.PAR.SG/WP/80.17 Agenda item 3.3.2	Review of recent advances in knowledge of biology of human hookworm infections	Schad, G.A.
INT.PAR.SG/WP/80.18 Agenda item 3.3.2	Immunology of human hookworm infections	Miller, T.A.
INT.PAR.SG/WP/80.19 Agenda item 3.3.2	Epidemiology and control of hookworm infections	Gilles, H.M.
INT.PAR.SG/WP/80.20 Agenda item 3.3.2	Clinical problems of hookworm infections	Gilles, H.M.
INT.PAR.SG/WP/80.23 Agenda item 3.3.3	Epidemiology and laboratory diagnosis of human strongyloidiasis	Dancescu, P.
INT.PAR.SG/WP/80.24 Agenda item 3.4	Review of human anisakiasis	Jackson, G.J. and Bier, J.W.
INT.PAR.SG/WP/80.25 Agenda item 3.3.3	Human intestinal angiostrongylosis	Botero, D.
INT.PAR.SG/WP/80.26 Agenda item 3.5	Control of human taeniasis	Pawlowski, Z.S.
INT.PAR.SG/WP/80.27 Agenda item 3.5	Human diphyllbothriasis	Von Bonsdorff, B.

<u>Reference</u> Agenda item	<u>Title</u>	<u>Author</u>
INT.PAR.SG/WP/80.28 Agenda item 3.6	Human intestinal trematode infections	Seo, B.S.
INT.PAR.SG/WP/80.29 Agenda item 4.1	The surveillance of intestinal parasitic diseases	Schultz, M.G.
INT.PAR.SG/WP/80.30 Agenda item 4.2	Principles of prevention of intestinal protozoan and helminthic infections	Rey, L.
INT.PAR.SG/WP/80.31 Agenda item 4.3	Recent knowledge in control of soil-transmitted helminths	Beaver, P.C.
INT.PAR.SG/WP/80.32 Agenda item 4.4	Implementation of preventive and control measures into existing national health care programmes	Harinasuta, K.T.
INT.PAR.SG/WP/80.33 Agenda item 4.5	Relationship of preventive and control measures to primary health care	Harinasuta, K.T.

INFORMATION DOCUMENTS

INT.PAR.SG/INF/80.1 Agenda items 3 & 4.3.2	Review of recent advances in knowledge of therapy of human intestinal parasitic infections	Botero, D.
INT.PAR.SG/INF/80.2 Agenda item 4.1.5	Immunodiagnostic methods in intestinal protozoan and helminthic infections	Kagan, I.G.
INT.PAR.SG/INF/80.3 Agenda item 4.1.4	Differentiation of nematode larvae in faecal coprocultures: guidelines for routine practice in medical laboratories	Little, M.D.
INT.PAR.SG/INF/80.4 Agenda item 4.1.4	Review of modern laboratory diagnostic techniques in human amoebiasis	Sargeant, P.G.
INT.PAR.SG/INF/80.5 Agenda item 2.2	Importance of pathomorphologic studies for better understanding of clinical pathology and epidemiology of intestinal parasitosis	Abioye, A.A.
INT.PAR.SG/INF/80.6 Agenda item 2.2	Influence of research in animal models on studies of pathogenicity of human intestinal infections	Soulsby, E.J.L.
INT.PAR.SG/INF/80.7 Agenda item 3.6	Human opisthorchiasis in the USSR	Ozeretskoykaya, N.N.
WHO/CDD/PAR/80.1	Parasite-Related Diarrhoeas. Report of a Sub-group of the Scientific Working Group on Epidemiology and Etiology, Geneva, March 1980	WHO Diarrhoeal Diseases Control Programme
VPH/EC/WP/78.8	Larva migrans (prepared for FAO/WHO Expert Committee on Parasitic Zoonoses, 1978)	Woodruff, A.W.
