Dear Sir,

Under the terms of paragraph 3 of Article 8 of the International Sanitary Regulations "each health administration shall send to the Organization once a year, at a date to be fixed by the Organization, a recapitulation of its requirements as to vaccination for any international voyage". The information received from health administrations is published annually in Vaccination Certificate Requirements for International Travel.

I would appreciate receiving not later than 13 October 1967 any changes which should be made to your requirements so that they might be incorporated in the 1968 edition of Vaccination Certificate Requirements for International Travel.

Yours faithfully,

Robert I. Hood
