

Report of the Third Session.

C o r r i g e n d u m

- page 1 2nd line of title: add "1949" after "August"  
4th line from bottom: change "SWELLENGREVEL" to  
"SWELLENGREBEL"
- page 2 3rd line: write "PAMPANA" (in caps.)  
5th line: replace "of" by "on"  
6th line: change "Protozoological" to "Protozoal" and  
after "Diseases", insert "Laboratory of  
Tropical Diseases"  
15th line: write "RUSSELL" (in caps.)  
16th line: write "COVELL" (in caps.)
- page 4 10th line from bottom: change "by" to "be"
- page 5 Footnote: "atabrin" should read "atabrine"  
"tanakan" add accent on third "a" ("tanakán")
- page 6 10th line: after "observed that" replace the rest of  
the paragraph by the following text:  
"quinine, in two cases, left a constriction  
of the visual field throughout the period  
of observation which, in one case, lasted  
18 months.<sup>1</sup> "
- page 7 26th line: put a comma after "two"  
27th line: change "has" to "have"
- page 8 7th and 8th lines: put a comma after "treatments"  
and delete "but that"
- page 9 2nd line: put a hyphen after "4"  
22nd line: change "probably" to "probable"
- page 10 6th and 5th lines from bottom: delete the words "mepacrine  
or other agents such as chloroquine or proguanil"  
and write "pamaquin" instead of "pamaguine"
- page 30 Footnote: this should be modified to read as follows:  
<sup>1</sup>Metaxeny - change of host. "Metaxenous diseases  
are diseases due to parasites which are common  
to two (or more) species of animals". "Metaxenous  
parasites are those which spend part of their  
life in one kind of animal and the rest of it  
in another." (Ronald ROSS: "The prevention of  
Malaria", Murray, London, Second Edition, 1911,  
pp.665 and 11-12)
- page 37 14th line from bottom: Replace "Contrariwise" by  
"On the contrary"
- page 40 6th line: under (d): place the words "atebrine musonate"  
in brackets
- page 41 3rd line: after "considers that", put a comma, and insert:  
"in respect of countries where mosquito eradication  
campaigns have been undertaken"  
5th line: replace "possible" by "potential"
